

ATLANTIC COMMAND ELECTRONIC INTELLIGENCE CENTER

ORGANIZATION CHART

Mission Statement

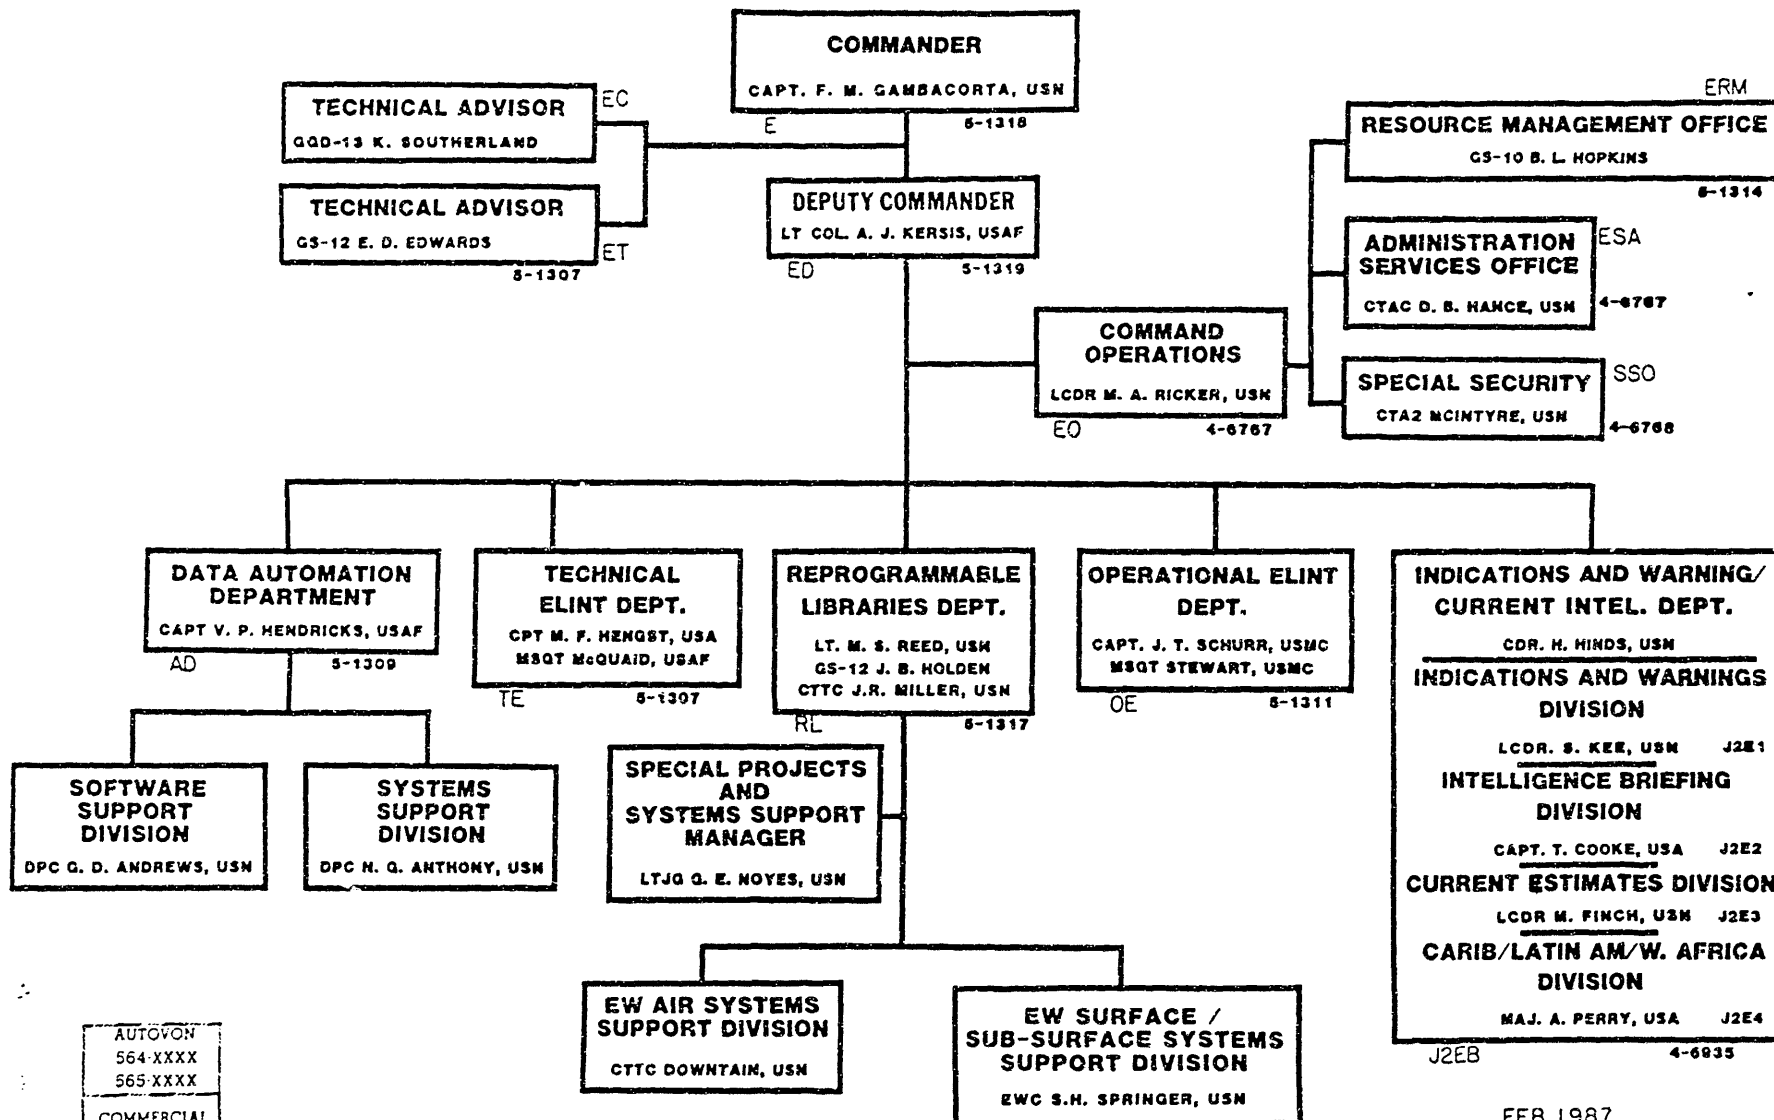

The mission of the Atlantic Command Electronic Intelligence Center (LEC) is to provide electronic intelligence (ELINT), defense analysis, and intelligence support to electronic warfare (EW) based upon analysis of all available information in support of the National Intelligence Effort; the Commander in Chief, U. S. Atlantic; the Commander in Chief, U. S. Southern Command; their subordinates, and the North Atlantic Treaty Organization Allies.

Organization Statement

The Atlantic Command Electronic Intelligence Center is a Joint Command composed of seven officers, forty-two enlisted personnel, four civilians, and two National Security Agency Representatives. The Command is organized into five functional Departments shown in enclosure (2).
